## Information

On July 15<sup>th</sup> 2022, from 08:00 – 20:00, the Woodburn Fire District will be conducting a controlled live-fire wildland training burn located at Parr/Stubb Road in Woodburn (see attached site map). This 20 acre parcel is the undeveloped portion of the Lennar - Smith Creek 4A development.

Firefighters from the local region will utilize this acreage to reduce potential wildfire fuels, while gaining very valuable training within a strictly controlled environment.

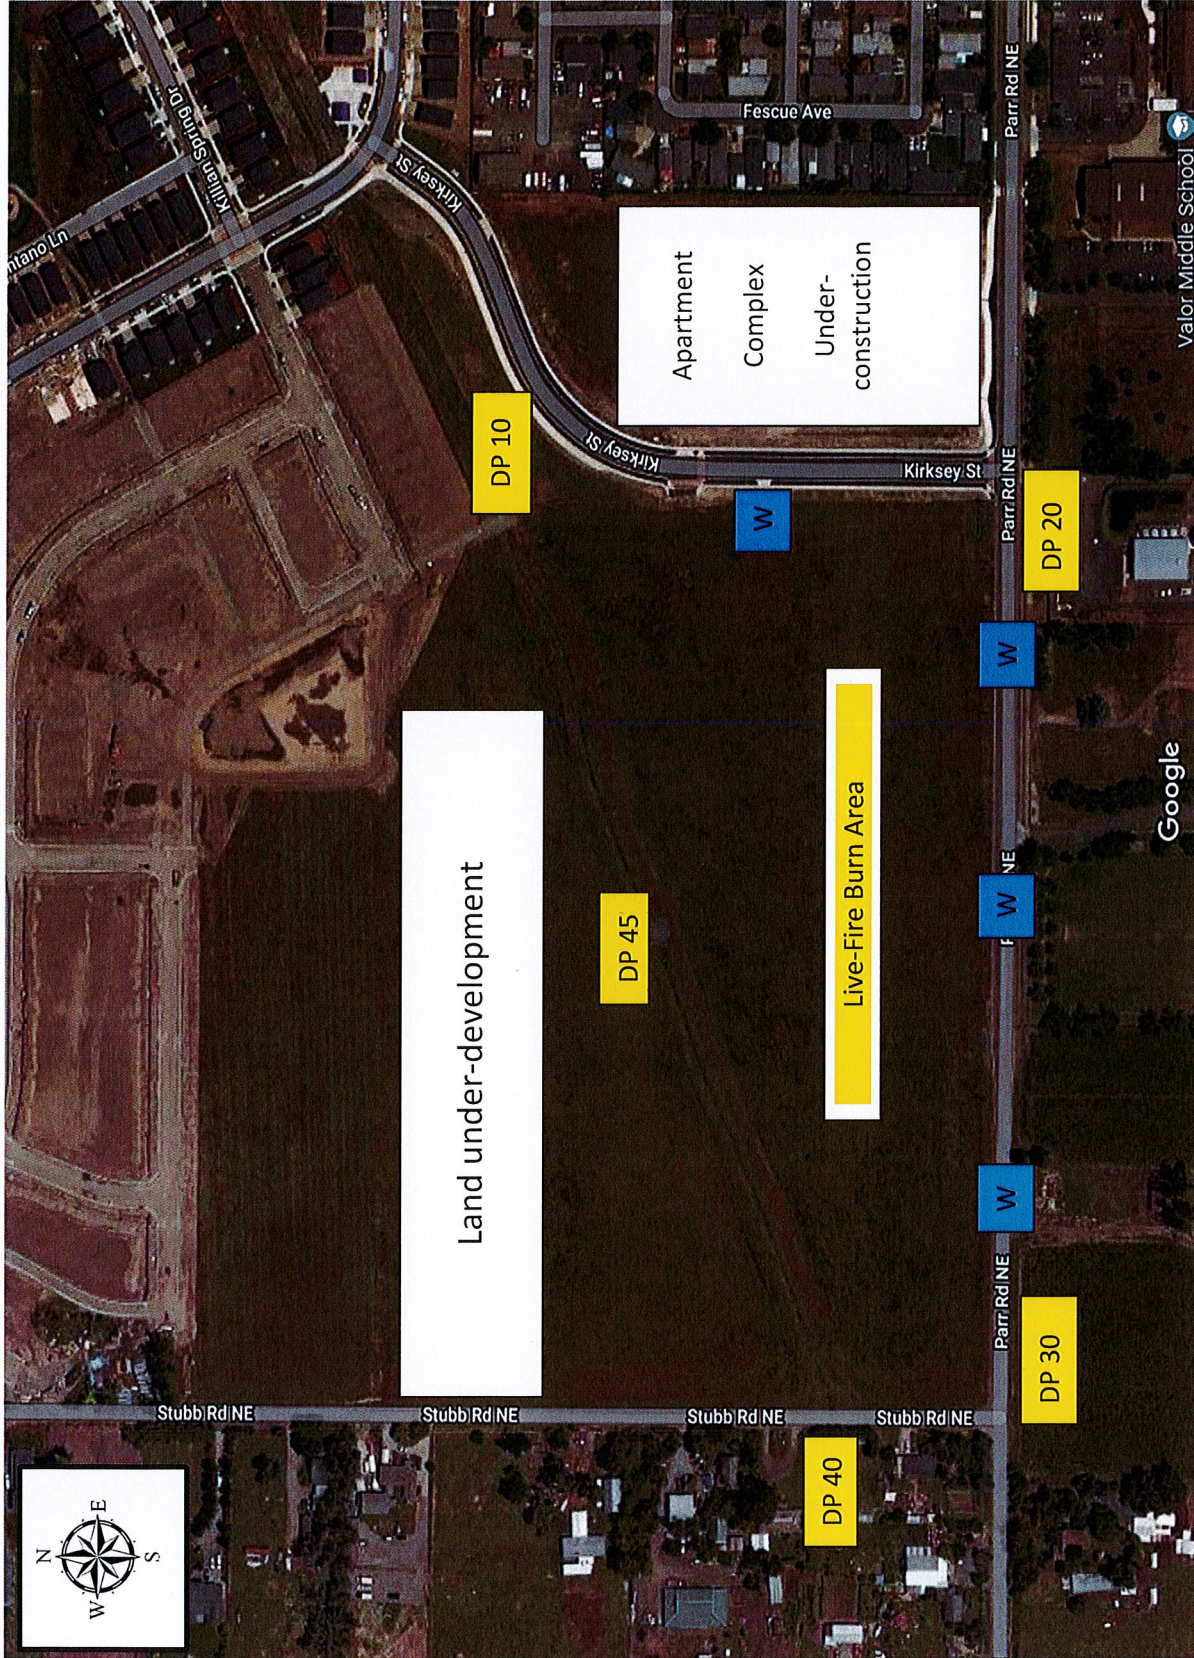

Smoke will be visible in the area of SW Woodburn between the hours of 09:00 – 15:00. Smoke is expected to travel E/SE during the burn hours lifting and dissipating as it travels.

Please direct any questions to the Woodburn Fire District.

Lt. Jon Koenig
